Questions regarding the training program contact frank@sog.org

This course will provide formal instruction and hands-on training to open most key operated locks. This will assist law enforcement and specialized military personnel in dealing with lock-outs, perimeter security gates, noise generating breach entry, technical device insertion, and expensive entry repair bills. The class includes the use of lock picks, bump keys, shims, snap guns, jiggle keys, bypass tools and field expedient methods to defeat various locks, commercial doors and vehicles. Students will learn to progressively pick locks beginning with a two, three and five pin lock sequence. Each student will have their own custom cut-a-way locks so they can see the process and technique used to neutralize the lock.

Included in registration fee: Each student will receive and keep at the conclusion of the course, a lock pick set, bump keys and course certificate for their documented training.

Techniques covered:

- Picking door locks
- Picking pad locks
- Picking dead bolts
- Picking file cabinets
- Lock bumping
- Lock Picking guns
- Shimming pad locks
- Bypassing
- Vehicle Entry Tools

Our instructors bring extensive experience and training from the law enforcement, military and special operations community. They are instructor-operators and quite professionals in their fields. They currently serve with major California police, sheriffs departments and U.S. military units. **No other course offers so much at this price and format. WE GUARANTEE you will be able to pick and bypass several locks before the end of the course.**

SHORT INTENSIVE FORMATS

We recognize that many students attend training courses on their own time and expense. As a result, we develop programs that are cost effective, can deliver the techniques and concepts for rapid skill acquisition in an effective and efficient manner. These techniques are built upon real world experience, and extensive research.

This course is restricted to law enforcement, military police, special operations, and expeditionary personnel. * Identification will be checked at the door. **Some items will be made available for sale.**

Serving the Law Enforcement and Military community since 1996

LA HIDTA students working with TriPik stands and some of our cut away practice locks, as part of their specialized training.
